13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Pursuant to our letter dated March 2, 2000, we hereby request approval to place Federal CST Well No. 2 in compliance for temporarily abandoned status.

To comply with your regulations, we propose to set a drillable cast iron bridge plug at an approximate depth of 3000' RKB and pressure test the 5-1/2" OD casing to 500 psig for a 30-minute period. The well head for this well will be equipped to allow the monitoring of casing and casing annulus pressures.

This well will be placed in compliance for temporarily abandoned status on or before June 1, 2000. Your office will be advised prior to the pressure test of the 5-1/2" OD casing.
