Dear Mr. Squires:

Since you called last week, I have gone to our warehouse & looked up the records on referenced well. Our records show we plugged this well in December 11, 1978, almost 4½ years ago.

We find where L.S. Melzer & Henderson Operating Acct., P.O. Box 2083, Midland, Texas 79702, drilled a well 660' FSL & 1980' FWL in Section 2, T185 R36E Lea County, which would be a North offset to the well we drilled. Records show they plugged this well in Feb. 1981, I believe you have this well confused with the Dryhole I drilled in 1978.

Please advise if you are not in agreement.

Yours truly,

Earl R. Bruno
