13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Meridian Oil Inc. respectfully requests an extension for approximately 60 days on the requirement to run a mechanical integrity test. This is due to a shortage of availability of pulling units. We have one that is working for us at the moment, but due to a number of wells that are down at this time, those wells are a priority with this rig.
