Section 11, T19S, R32E

Dear Mr. Murphy:

We received a copy from the BLM of your application to re-enter the above-referenced well and recomplete in the Bone Spring. I note you filed this application as a "wildcat" with 40 acres dedicated. However, if the well is completed in the Bone Spring formation, it will come under the East Lusk-Bone Spring Pool which has special rules that require 160 acres be dedicated.

Very truly yours,

OIL CONSERVATION DIVISION

Supervisor, District I
