Dear Evelyn:

Manzano re-entered the well bore formerly known as Grace Petroleum Corporation's West Tonto "A" Federal Com. #1-Y and has completed the oil well in the East Lusk Bone Spring field.

Enclosed in triplicate are copies of our request for Application for Administrative Approval of the captioned unorthodox location. Each has a plat attached showing offset leasehold ownership and well locations.

All offset operators have been notified by certified mail of the said completion and Manzano requests that approval of the unorthodox location be granted.

Very truly yours,

Ladies and Gentlemen:

Manzano Oil Corporation has reentered Grace Petroleum Corporation's West Tonto "A" Federal Com. #1-Y which has been renamed and is located as described in the caption of this letter. Because our location is an unorthodox location we are required to notify the offset operators for objections or approvals.

Please review the enclosed plats and indicate your election below. Your prompt return is appreciated and please retain the extra copy for your records.

Very truly yours,
