STATE FU #5 UNIT M, S25-T18S-R34E 28169

Gentlemen:

The above referenced plugged well sites have recently been inspected by an OCD Field Representative in an attempt to release the locations.

As a result of these inspections, the inspector found that the following work still needs to be done before it may be released.

H.S. Record #2 E

1. Correct dry hole marker to show correct operator name, well name, well number, section, township and range.

H.S. Record #1 A

1. Remove 8'x 2" pipe, that is sticking up aside dry hole marker, from location.
2. Remove cement pile from location.

State FU #5 M

1. Remove all large rocks from location.
2. On northside of location remove 2'x 50' long dyke from location.

When the above items have been done, please contact Jerry Sexton at 505-393-6161 or sign this letter below and return it to our address stated above.

Very truly yours,

JERRY SEXTON
District I Supervisor
