16. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting on work) SEE RULE 1103.

We encountered the Devonian formation at 11783'. However, there was no porosity in the interval from 11783' to 12000'. We wish to continue drilling until we encounter a zone of porosity which will yield a definitive recovery. We do not anticipate drilling beyond 13000'.
