Dear Jeff:

This letter is written concerning our position regarding the wells permitted under Morris R. Antweil but not transferred to another operator after Antweil filed bankruptcy several months ago.

The producing wells operated by Morris R. Antweil were changed to Bravo Operating Company. We were informed by personnel with Bravo that they only assumed the operation of the producing wells. We would like an opinion on whether the wells listed below, which are either temporarily abandoned, new wells with pending completions, or plugged and location not cleaned up, should have been taken over by Bravo Operating or whether we must look to the bankruptcy court for disposition.

New Mexico AF St #2-I	27-10-32	Plugged but not released
Martha Forrest #1-L	24-25-36	SWD
State HS #1-G	36-18-38	TA
Battles #1-H	7-9-36	New well pending completion
Viersen #1-P	30-18-39	TA
Conquest Fed #1-P	25-8-35	New well pending comp.(Fed lease)

Very truly yours,

OIL CONSERVATION DIVISION
