Re: Temporary Commingling of Casinghead Gas
Tonto "14" State No. 1 and Tonto "15" State No. 1
Sections 14 and 15, Township 18 South, Range 34 East
Lea County, New Mexico

Dear Mr. Harbin:

As requested in your letter of July 10, 1985, permission is hereby granted to commingle the casinghead gas from the subject wells for a period of two to three months until Phillips has installed the sales line and meter for the Tonto "14" State No. 1. You will be required to meter the gas from one of the wells and allocate production from the other by the subtraction method.

This permission is being granted to prevent the flaring of the gas from the Tonto "14" State No. 1 prior to the installation of the sales line and meter by Phillips.

Yours very truly,

OIL CONSERVATION DIVISION
