Instructions

General: This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable Federal law and regulations, and, if approved or accepted by any State, on all lands in such State, pursuant to applicable State law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 17: Proposals to abandon a well and subsequent reports of abandonment should include such special information as is required by local Federal and/or State offices. In addition, such proposals and reports should include reasons for the abandonment; data on any former or present productive zones, or other zones with present significant fluid contents not sealed off by cement or otherwise; depths (top and bottom) and method of placement of cement plugs; mud or other material placed below, between and above plugs; amount, size, method of parting of any casing, liner or tubing pulled and the depth to top of any left in the hole; method of closing top of well; and date well site conditioned for dual inspection looking to approval of the abandonment.

PRIVACY ACT

The Privacy Act of 1974 and the regulation in 43 CFR 2.20(d) provide that you have furnished the following information in connection with information required by this application:

AUTHORITY: 40 U.S.C. 1712 (a)(1) (3); 43 CFR 2.20 (d), sec. 43 CFR 2.20 (d) (1) (3); FEDERAL REGISTER. The information is to be used to evaluate, when appropriate, approve application, and repeat completion of secondary well operations, on a Federal or Indian lease.

ROUTINE USES: (1) Evaluate the equipment and procedures used during the proposed or completed subsequent well operations. (2) Request and grant approval to perform the actions covered by 43 CFR 2.20. (3) Analyze future applications to drill or modify operations to BFE of data obtained and methods used. (4)(5) Information from the record and of the record will be transferred to appropriate Federal, State, local, or foreign agencies, when relevant to civil, criminal or regulatory investigations or proceedings.

EFFECT OF 40 U.S.C. 1712 (a)(1) (3): Fulfilling of this notice and representation of the information is mandatory since an oil or gas well is drilled.

The Paperwork Reduction Act of 1980 (44 U.S.C. 3501, et. seq.) requires us to inform you that:

This information is being solicited in order to evaluate proposed and/or completed subsequent well operations on Federal or Indian oil and gas leases.

This information will be used to report subsequent operations once work is completed and when requested by you, is approved for subsequent operations not previously authorized.

Response to this notice is mandatory for the specific types of activities specified in 43 CFR Part 3100.
