Re: Exception to Dry Hole Marker Requirement
Essie Nipper Nunn Well No. 1
Section 4, T-18-S, R-38-E
Lea County, New Mexico

Dear Ms. Knipling:

In response to your letter of September 12, 1985, since the subject well is in the city limits of Hobbs and is in a proposed subdivision, you will be permitted to bury the pipe 4 feet below the surface and install a plate at ground level in the event that the well is plugged and abandoned, rather than installing the regulation marker.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District 1
