13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Operator proposes to convert the subject well to water injection in a cooperative manner prior to unitization. Injection will be through the current existing perforations. The water to be injected will be produced water from the Bone Springs, Delaware and/or Queen formations. If additional volumes of water are required, the City of Carlsbad may be approached for a tap on their Caprock System.
