## Instructions

O. OFFICE

General: This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on real and indian lands pursuant to applicable Federal law and regulations, and, if approved or accepted by any State, ou all lands in such State, pursuant to Applicable State law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with Caraft to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State over the shown below or will be issued by, or may be obtained from, the local Federal and/or State over the shown below or will be issued by, or may be obtained from, the local Federal and/or State over the shown below or will be issued by or may be obtained from, the local Federal and/or State over the shown below or will be issued by or may be obtained from the local Federal and/or State over the shown below or will be issued by or may be obtained from the local Federal and/or State over the shown below or will be issued by or may be obtained from the local Federal and/or State over the shown below or will be issued by or may be obtained from the local Federal and/or State over the shown below or will be shown below or will be shown below or will be assued by the shown below of the shown below of the shown below.

State or Federal office for specific instructions. Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements, Consent local

Item 17: Proposals to abandom a well and subsequent reports of abandomment should include such special information as is required by local Federal and/or State offices. In addition, such proposals and reports should include reasons for the abandomment; data on any former or present productive zones, or other zones with present significant fluid contents not sealed off by cement or otherwise; depths (top and bottom) and method of placement of cement plugs; mud or other material placed below, between and above plugs; amount, size, method of parting of any casing, liner or tubing pulled and the depth to top of any left in the bole; method of closing top of well; and date well site conditioned for flual inspection looking to approval of the abandoament.

## PRIVACY ACT

The Privacy Act of 1974 and the regulation in 43 CFR 2.48(d) provide that you be furnished the following information in connection with information required by this application.

AUTHORITY: 30 U.S.C. 18t et. seq., 351 et. seq., 25 U.S.C. et. seq.; 43 CFR 3160. PRINCIPAL PURPOSE: The information is to be used to evaluate, when appropriate,

PRINCIPAL PURPOSE: The information is to be used to evaluate, when appropriate, approve applications, and report completion of secondary well operations, on a Federal or Indian lease.

ROUTINE USES: (1) Evaluate the equipment and procedures used during the proposed or completed subsequent well operations. (2) Request and grant approval to perform those actions covered by 43 CFR 3162.3-2(2). (3) Analyze future applications to drill or modify operations in light of data obtained and methods used. (4)(5) Information from the record and/or the record will be transferred to appropriate Federal, State, local or foreign agencies, when relevant to civil, criminal or regulatory investigations or prosecutions.

EFFECT OF NOT PROVIDING INFORMATION: Filing of this notice and report and disclosure of the information is mandatory once an oil or gas well is drilled.

The Paperwork Reduction Act of 1980 (44 U.S.C. 3501, et. seq.) requires us to inform you that:

This information is being collected in order to evaluate proposed and/or completed subsequent well operations on Federal or Indian oil and gas leases.

This information will be used to report subsequent operations once work is completed and when requested, to obtain approval for subsequent operations not previously authorized.

Response to this request is mandatory for the specific types of activities specified in 43 CFR Part 3160.
