13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On April 9, 2002, the Roswell office of the Bureau of Land Management approved the re-completion of Mescalero Ridge B Federal Well No. 2, a temporarily abandoned well in the Mescalero Escarpe: Bone Spring Field. The recompleton zone will be the Queen sand.

The acreage on which the referenced well is located is within the boundaries of the E-K Queen Unit, an existing Queen sand waterflood located in the E-K: Yates Seven Rivers Queen Field.

This Notice of Intent is filed to propose the changing of the lease name, well number and field designation for this well to E-K Queen Unit Well No. 618, E-K: Yates Seven Rivers Queen Field, Lea County, New Mexico.

Your approval of this change at your earliest convenience will be appreciated.

14. I hereby certify that the foregoing is true and correct
