13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Floyd Operating Company requests approval to maintain this well temporarily abandoned for an indefinite period of time. Well produces non-commercial quantities. Last production was on 6/23/86. The well has possible behind pipe pay in the San Andres formation; however, current economics do not justify a recompletion.
