Re: Release of Plugged Well
Taylor "N" Well #1-B
Sec. 14, T18S, R38E

Gentlemen:

The above-referenced well has been inspected and the location is ready to be released as soon as all the required forms have been filed. This is our third attempt by letter to obtain the Well Record, Form C-105, along with the drill stem test information for this well.

If you have the data available and will file these reports with us we will release the location. Your cooperation in this matter will be greatly appreciated.

Very truly yours,

OIL CONSERVATION DIVISION

7-9-90 talked w/ Kathy - she is working on C-105 - no DST info.
Wanted DST since a brief description of DST is given
on PA report.
