Burlington Resources Oil and Gas Company respectfully requests continued shut in status for a period to end December 31, 1998. This request is made because this lease is situated between the existing East Corbin Delaware Unit and the proposed West Corbin Delaware Unit. We are currently seeing response from the ECDU and with the West Corbin Delaware being in place by the end of December, 1998 we will be able to evaluate if this lease is getting in response from being in between the two waterfloods.
