Re: Deviation Survey
New Mexico R State NCT-3 TN #24-P
Sec. 1, T18S, R34E

Gentlemen:

Your letter outlining your efforts to obtain a deviation survey for the above-referenced well has been received. It is noted that the drilling contractor is no longer in business.

We accept this letter in lieu of a deviation survey but reserve the option to require a directional survey be run if the well is ever put on production and a question arises concerning the orientation of the wellbore.

Very truly yours,

OIL CONSERVATION DIVISION
