13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

The pit for this well has been broken and dried. We are requesting that this pit not be fully reclaimed as we may drill a shallow well off this location and we would use this pit. We are requesting an extension for clean up of this pit for the earlier of two years or until such time as we have drilled and completed the anticipated shallow well.
