Mr. Paul Evans
Bureau of Land Management
620 E. Greene St
Carlsbad, NM 88220-6292

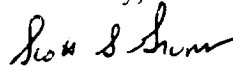

Dear Mr. Evans,

Enclosed is the original pressure chart from the Mechanical Integrity Test performed on the Hanley 24 Federal #1. I submitted a sundry for the re-entry of this well on June 24, 1996. For unknown reasons, the pressure chart was not submitted with the sundry. I hope my error has not caused any confusion. Should you have any questions, please contact me.
