Addendum  
*Administrative Order DD-59 (NSBHL)*

Dear Mr. Brand:

Reference is made to your letter dated August 5, 1991 to amend Division Administrative Order DD-59 (NSBHL), dated May 22, 1991, to reflect the actual bottomhole location of the South Hobbs Grayburg-San Andres Unit Well No. 225, Lea County, New Mexico.

It appears that the provisions of said Order DD-59 have either been or will be met, with the exception of the provisions set forth in paragraph Nos. (7) and (8) on page 2 of said Order which authorized a 22-acre "target window" to bottom said well in unit P of Section 33, Township 18 South, Range 38 East, NMPM, Lea County, New Mexico. Subsequent to surveying, the actual bottom-hole location was ~~found to be 1/4 mile from the West line (Unit M) at Section 34, Township 18 South, Range 38 East, NMPM, Lea County, New Mexico~~ which would place this well in the 40-acre oil spacing and proration unit comprising the SW/4 SW/4 of said Section 34.

Official notice of this well's actual directional survey is hereby recognized as being true and correct. Further, the operator shall continue to abide by any other provisions of said Order DD-59 which are applicable in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "William J. Lemay".
