13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

We respectfully request to continue TA'd status. The field is currently setting up testers to run the mechanical integrity test. Your office will be notified as of the time and date.

This well has uphole potential possibly in the Yates formation. The lease as a whole does not meet the criteria for reduced royalty structure. We should begin to review this well by the first of January 1996.
