Re: Intention to Drill
Hanley "8" Federal Well #1-D
Sec. 8, T18S, R33E
Lea County, NM

Gentlemen:

We have received from the BLM an approved copy of your intention to drill the Hanley "8" Federal #1 as a proposed completion in the South Corbin Wolfcamp Pool.

You have only dedicated 40 acres to this proposed completion and the South Corbin Wolfcamp Pool has special spacing requirements of 80-acre proration units. Before this well can be produced from the South Corbin Wolfcamp Pool you must dedicate 80 acres to the well. Please submit a revised acreage dedication plat.

Very truly yours,

OIL CONSERVATION DIVISION
