RE: Percha 15 Fed Com #3-L
Sec. 15, T18S, R33E

Gentlemen:

According to the provisions of PLC-95 the above-referenced well has been approved to for commingling with the Southland Royalty Company Aztec 22 Federal #2, both well completed in the South Corbin Wolfcamp Pool. The production from the Percha 15 Federal Com #3 will be stored on the Southland Royalty Company Aztec 22 Fed #2 battery in unit F Sec. 22, T18S, R33E. Please file C-104 designating Texas New Mexico Pipeline as the transporter for the Percha 15 Fed Com #3 and showing the change in the tank battery location.

Very truly yours,
