Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This is an application for temporary abandonment of the Mitchell Federal #1. We are applying with the OCD to have this well converted to a salt water disposal well. It is anticipated that the conversion will take place in the next nine months. As we have a number of wells within the area this could substantially impact our operation and enable us to produce additional reserves.

TA APPROVED FOR remainder of lease term
