This form is to be filled in compliance with the rules and regulations of the Oil Conservation Commission. It is to be filled out for all wells producing oil and must be equal to or exceed top annual production for the year or years involved. It must be accompanied by a statement of the method used in testing the well in accordance with Rule 11. The sections of this form must be filled out completely for showable and recompleting wells. This form only Sections I, II, III, and VI for changes of owner, well name or number, or transporter, or other such change of ownership. Section Form O-104 must be filled out for all wells producing oil.
