Sec. 19, T19S, R33E

Gentlemen:

We have received a copy from the BLM of their approval of the above-referenced re-entry of the Hudson & Hudson Saunders A #1 for a disposal well.

This is to advise that the OCD has not as yet approved this well for disposal and as I understand from David Catanach in our Santa Fe office it will be set for hearing in January 1992. Any re-entry work commenced prior to the hearing will be at your own risk.

Very truly yours,

OIL CONSERVATION DIVISION
