Vacuum-GB-SA Pool

Gentlemen:

We received a C-103 covering remedial work on the above-referenced well along with a C-116. We will be unable to assign an allowable to this well from the C-116 because the well was completed as a temporarily abandoned well in 1962 and a Request for Allowable and Authorization to Transport was never filed.

Please file original and 4 copies of Form C-104 for this well and an allowable will be assigned.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I

Note: Presume this well was posted to activity report in 1962 and well TA from drilling.
