Mobil Producing Tex. & New Mex., Inc.
Salado Waterflow Study
Bridges State Lease, Well #6
Vacuum Field
Lea County, New Mexico

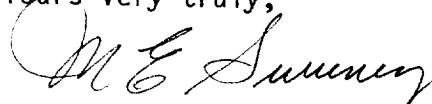

Dear Mr. Sexton:

plug Back
Mobil Producing Texas & New Mexico, Inc. (MPTM) requests permission to ~~re-enter~~ the subject well, which is ~~plugged and abandoned~~ and recomplete as a pressure monitor well. *temporarily*

In August 1986, the NMOCD requested that operators in the Vacuum Field take the necessary action to identify any water flow into the salt section (1600-2600'). Recompleting this well into the salt section is one of the steps necessary to satisfy this requirement.

Attached are NMOCD Forms C-101, C-102 and a wellbore sketch of the proposed recompletion. Your earliest consideration of this request will be appreciated.

Yours very truly,

M. E. Sweeney
