Hobbs, New Mexico 88240

Mobil Oil Corporation's  
Bridges State Lease Well #13  
Vacuum Field  
Lea County, New Mexico

Gentlemen:

On November 13, 1969, the New Mexico Oil Conservation Commission approved Mobil's application to plug back the subject well from the Vacuum (Blinbry) Pool to the Vacuum (Grayburg-San Andres) Pool and convert it to a water injection well. Please be advised that Mobil has decided not to do this work and request that the permit be cancelled.

Yours very truly,

I. B. Stitt  
Division Operations Engineer
