Gentlemen:

Following is a notice of intention to do certain work as described below at the Cole-Darden Oil Company
Phillips-State #B Well No. 1 in SE 1/4
Company or Operator Lease
of Sec. 29, T. 17-S, R. 34-E, N. M. P. M., Vacuum Field.
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

The surface pipe set at 1520 feet and cemented with 600 sacks of cement which circulated back to the surface, collapsed at 300 feet. An attempt was made to roll the collapsed pipe back to normal and in the effort it collapsed at 300 feet. The cement plug was never drilled. We propose to set a bridge at 290 feet and fill the 8 5/8" casing with cement back to the surface, fill the cellar, and set marker. We have this date filed notice of intention to drill with Conservation Commission our No. 1 "B-X", which will be 20 feet east of the above mentioned abandoned well.
