Attention: Mr. Yarbrough.

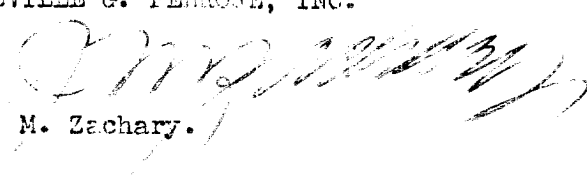

Dear Mr. Yarbrough:

We have forwarded to the Commission at Santa Fe our application to drill No. 1 Phillips Lea in 31-17-34 and are enclosing herewith a copy of the application so that you will have this by Monday. We would like to start drilling immediately, and if there is any objection to the proposed well and casing program, will you please call the writer immediately?

In the event we make a well and you desire additional cement back of the 8 5/8, we shall be glad to perforate and squeeze with sufficient cement to meet your requirements.

Very truly yours,

NEVILLE G. PENROSE, INC.
