Attention: Mr. Karl A. Peterson

Gentlemen:

Reference is made to your letter of October 19, 1962, wherein you request an exception to Commission Rule 107-E to permit the completion of your proposed Mescalero Ridge Unit Well No. 3 in such a manner as to utilize 2 7/8-inch tubing as casing to total depth.

Inasmuch as previous experience with the Bone Springs formation in this area indicates that no corrosion, paraffin, or pressure problems will be presented by such completion, your proposal is hereby approved.

Very truly yours,

A. L. PORTER, Jr.,  
Secretary-Director
