Pearl Seven Rivers (Gas)
Lea County, New Mexico

Dear Mr. Sexton:

Enclosed please find two (2) copies of Form C-122 on the above referenced well in Lea County, New Mexico along with accompanying graphs showing back pressure curve.

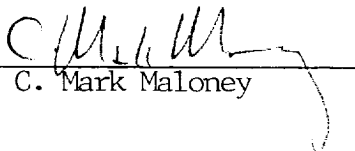

As you know, this well has already been connected by Warren Petroleum and the consolidation of acreage has been completed for a 160 acre proration unit (SEE FORM C-102 dated 8-21-85 submitted by WESTERN EQUIPMENT COMPANY). We are at this time asking for a gas well allowable on this well as we are ready to produce and sell the gas.

If you have any questions, please feel free to call me at (915) 684-3769 in Midland. Thank you very much for your attention in this matter.

Very truly yours

WESTERN EQUIPMENT COMPANY
