Enclosed is a copy of your C-105 for the Shipp '10' #1 Sec.10,T17S, R37E. As you requested we held this completion report confidential for 90 days, and that is the reason it was not in the file.

I do not know to whom you spoke but they should have been able to tell you that it was confidential and would be returned to you when released. We do not approve C-105's but you will note that it is stamped with our stamp on the back side which will indicate we did receive it.

I apologize for any mixup there has been on this matter.

Enclosed you will also find a copy of the C-105 for the Midway "5" well #1 which has our stamp on the back side which indicates it was received and processed by this office. Since there is no place for approval we do not stamp the front.

If you have any questions, please direct them to me at (505) 393-6161.
