Re: Application for Dual Completion

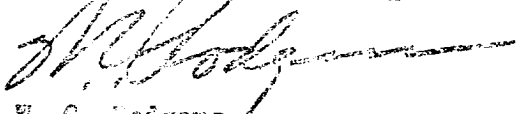

Gentlemen:

Attached is an Application for Dual Completion of Phillips Petroleum Company's Santa Fe Well No. 30, located in the SW/4 NW/4 Section 26, Township 17 South, Range 35 East, Lea County, New Mexico.

Phillips proposes to utilize parallel strings of 2-3/8" tubing for the production of oil from the Yates formation and the San Andres formation in the Vacuum Pool. A schematic diagram of the proposed completion is attached. A similar application was approved on Order No. R-1158 for the dual completion of the Phillips Petroleum Company Santa Fe Well No. 18. Administrative approval of this application is therefore respectfully requested.

All offset operators have been furnished copies of this Application and waivers requested from each.

Very truly yours,  
PHILLIPS PETROLEUM COMPANY

  
W. C. Rodgers

Gentlemen:

Attached is an Application by Phillips Petroleum Company for administrative approval of the dual completion of the Santa Fe No. 30 for the production of oil from the Nader and the San Andres Formations in the Vacuum Pool. A similar application was approved on Order No. 3-1157 for the dual completion and commencing of production from the Phillips Petroleum Company Santa Fe Well No. 30.

Phillips Petroleum Company respectfully requests that you waive protests to this Application. Form 101-101 and administrative envelopes are included for your convenience to forward one copy to the New Mexico Oil Conservation Commission and return one copy to this office.

Very truly yours,

WILLIAM H. HARRIS, JR.

b. Top and Bottom of Pay Section (Perforations)	<b>Approx. 3069' to 3093'</b>	<b>Approx. 4145' to 4175'</b>
c. Type of production (Oil or Gas)	<b>oil</b>	<b>oil</b>
d. Method of Production (Flowing or Artificial Lift)	<b>flow</b>	<b>artificial lift</b>

4. The following are attached. (Please mark YES or NO)

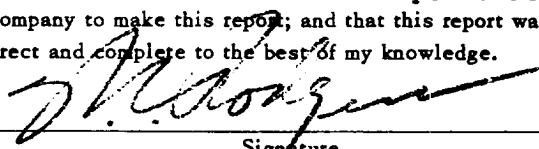

- YES a. Diagrammatic Sketch of the Dual Completion, showing all casing strings, including size and setting, top of cement, perforated intervals, tubing strings, including diameters and setting depth, location and type of packers and side door chokes, and such other information as may be pertinent.
- YES b. Plat showing the location of all wells on applicant's lease, all offset wells on offset leases, and the names and addresses of operators of all leases offsetting applicant's lease.
- YES c. Waivers consenting to such dual completion from each offset operator, or in lieu thereof, evidence that said offset operators have been furnished copies of the application.\*
- YES d. Electrical log of the well or other acceptable log with tops and bottoms of producing zones and intervals of perforation indicated thereon. (If such log is not available at the time application is filed, it shall be submitted as provided by Rule 112-A.)

5. List all offset operators to the lease on which this well is located together with their correct mailing address.

**Cities Service Oil Company - Box 97 - Hobbs, New Mexico****Magnolia Petroleum Company - Box 2406 - Hobbs, New Mexico****Penrose, Neville G., Inc., - Box 988 - Eunice, New Mexico****Zapata Petroleum Corp., - Box 2216 - Midland, Texas****Shell Oil Company - Box 1957 - Hobbs, New Mexico****Drilling and Exploration Co., Inc. - Box 2075 - Hobbs, New Mexico****Great Western Drilling Company - Box 1659 - Midland, Texas**

6. Were all operators listed in Item 5 above notified and furnished a copy of this application? YES ☒ NO ☐ . If answer is yes, give date of such notification **September 5, 1958**

CERTIFICATE: I, the undersigned, state that I am the **District Superintendent** of the **Phillips Petroleum Co.** (company), and that I am authorized by said company to make this report; and that this report was prepared under my supervision and direction and that the facts stated therein are true, correct and complete to the best of my knowledge.

Signature

- \* Should waivers from all offset operators not accompany an application for administrative approval, the New Mexico Oil Conservation Commission will hold the application for a period of twenty (20) days from date of receipt by the Commission's Santa Fe office. If, after said twenty-day period, no protest nor request for hearing is received by the Santa Fe office, the application will then be processed.
- NOTE: If the proposed dual completion will result in an unorthodox well location and/or a non-standard proration unit in either or both of the producing zones, then separate application for approval of the same should be filed simultaneously with this application.
