

## NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

## MISCELLANEOUS REPORTS ON WELL

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS	<b>XXXX</b>	REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING

# THEORY OF THE EARTH

## CHAPTER I. OF THE ORIGIN OF THE EARTH.

THE first question which presents itself to the mind, is, what was the cause of the origin of the earth? and the answer is, that it was the result of the action of the laws of nature, which have been in operation from all eternity.

The next question is, what was the state of the earth at the time of its origin? and the answer is, that it was in a state of confusion and disorder, and that it was not until after a long period of time, that it assumed its present form.

The third question is, what was the cause of the confusion and disorder? and the answer is, that it was the result of the action of the laws of nature, which have been in operation from all eternity.

The fourth question is, what was the state of the earth at the time of its origin? and the answer is, that it was in a state of confusion and disorder, and that it was not until after a long period of time, that it assumed its present form.

The fifth question is, what was the cause of the confusion and disorder? and the answer is, that it was the result of the action of the laws of nature, which have been in operation from all eternity.

The sixth question is, what was the state of the earth at the time of its origin? and the answer is, that it was in a state of confusion and disorder, and that it was not until after a long period of time, that it assumed its present form.

The seventh question is, what was the cause of the confusion and disorder? and the answer is, that it was the result of the action of the laws of nature, which have been in operation from all eternity.

The eighth question is, what was the state of the earth at the time of its origin? and the answer is, that it was in a state of confusion and disorder, and that it was not until after a long period of time, that it assumed its present form.

The ninth question is, what was the cause of the confusion and disorder? and the answer is, that it was the result of the action of the laws of nature, which have been in operation from all eternity.

The tenth question is, what was the state of the earth at the time of its origin? and the answer is, that it was in a state of confusion and disorder, and that it was not until after a long period of time, that it assumed its present form.

The eleventh question is, what was the cause of the confusion and disorder? and the answer is, that it was the result of the action of the laws of nature, which have been in operation from all eternity.

The twelfth question is, what was the state of the earth at the time of its origin? and the answer is, that it was in a state of confusion and disorder, and that it was not until after a long period of time, that it assumed its present form.

The thirteenth question is, what was the cause of the confusion and disorder? and the answer is, that it was the result of the action of the laws of nature, which have been in operation from all eternity.

The fourteenth question is, what was the state of the earth at the time of its origin? and the answer is, that it was in a state of confusion and disorder, and that it was not until after a long period of time, that it assumed its present form.

The fifteenth question is, what was the cause of the confusion and disorder? and the answer is, that it was the result of the action of the laws of nature, which have been in operation from all eternity.

The sixteenth question is, what was the state of the earth at the time of its origin? and the answer is, that it was in a state of confusion and disorder, and that it was not until after a long period of time, that it assumed its present form.

The seventeenth question is, what was the cause of the confusion and disorder? and the answer is, that it was the result of the action of the laws of nature, which have been in operation from all eternity.

The eighteenth question is, what was the state of the earth at the time of its origin? and the answer is, that it was in a state of confusion and disorder, and that it was not until after a long period of time, that it assumed its present form.

The nineteenth question is, what was the cause of the confusion and disorder? and the answer is, that it was the result of the action of the laws of nature, which have been in operation from all eternity.

The twentieth question is, what was the state of the earth at the time of its origin? and the answer is, that it was in a state of confusion and disorder, and that it was not until after a long period of time, that it assumed its present form.
