RE: CONVERSION TO INJECTION PER WFX-606  
East Pearl Queen Unit #32  
Unit K, Sec. 27, T19S, R35E

Gentlemen:

You are showing injection into the above-referenced well on your monthly operator's report, Form C-115. Our records indicate you obtain an injection order but failed to file the sundry notice covering the actual conversion work.

Please file the following:

- 1) Form C-103 showing when the well was converted to injection, also give the injection interval, packer setting depth and a statement that the tubing/casing annulus was tested prior to commencing injection.  
I believe we have the original pressure test chart for this well.

Very truly yours,

OIL CONSERVATION DIVISION
