

## NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

## MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commissioner or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

Place

Date

OIL CONSERVATION COMMISSION,  
Santa Fe, New Mexico.

Gentlemen:

DUPLICATE

Following is a notice of intention to do certain work as described below at the

Amrada Petroleum Corporation State LA Well No. 4 in C of NE 1/4 of NE 1/4  
Company or Operator Lease  
of Sec. 1, T. 17s, R. 36e, N. M. P. M., South Lovington Field,  
Lee County.

## FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

This well has been drilled to TD 4593. 5 1/2" OD seamless casing has been set @ 4591' and cemented with 150 sacks of Lone Star Common Cement and 50 sacks of Incor cement. The plug was pumped to 4504'.

We propose to apply pump pressure of 1200# to the pipe and fittings on this well, to close the valves, and to observe the pressure within for a period of 30 minutes. If there is no drop in pressure, the cement plug will then be drilled and the same test again applied. If there is no drop in pressure drilling will be resumed on October 10, 1939.

OCT 10 1939

Approved \_\_\_\_\_, 19\_\_\_\_
