

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

Place

Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Amerada Petroleum Corporation State IA Well No. 7 in NW 1/4 NE 1/4
Company or Operator Lease
of Sec. 1, T. 17, R. 36E, N. M. P. M., S. Lovington Field,
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

This well has been drilled to a total depth of 4645'.

5-1/2" Casing has been set at 4624', cemented with 250 sacks of common and 50 sacks of Incor Cement. Plug was pumped to 4601' at 11:30 A.M. 11-25-41.

We propose to let this well stand undisturbed for a period of 72 hours after which time we will apply 1000# pump pressure to the pipe and connections, close the valves and observe the pressure for 30 minutes. If there is no drop in pressure the cement plug will then be drilled and the same test again applied. If there is no drop in pressure drilling will then be resumed.

DEC 2 1941

Approved _____, 19____
