Extend Temporary Abandonment	

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

On October 30, 1974, the New Mexico Oil Conservation Commission approved temporarily abandonment of this well until October 1, 1975. The well was temporarily abandoned as production had declined to 1 barrel of oil and 49 barrels of water per day and was uneconomical to operate. Present plans are to convert this well to a water injection well in the fourth quarter of 1975. Skelly Oil Company respectfully requests that a one year extension to temporarily abandon this well be granted as per New Mexico Oil Conservation Commission Order No. R-5019.

Expires 10-1-76
