OIL CONSERVATION COMMISSION,  
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the Trebol Oil Company and  
E. G. Rodman State B Well No. 2 in NW/4 SW/4  
 Company or Operator Lease  
 of Sec. 4, T. 17-S, R. 36-E, N. M. P. M., West Lovington Field.  
Lea County.

## FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

The above well was completed December 11, 1944 by L. H. Wentz and purchased by Trebol Oil Company and E. G. Rodman in July, 1950. The well was drilled to a total depth of 5103' with casing cemented at the top of the West Lovington pay at 4703'. We propose to deepen the well approximately 50' with cable tools in order to have penetration and depth equivalent to the offset wells.

This deepening will not open another source of supply but will merely penetrate additional pay open in other wells in the West Lovington Field.

Approved FEB - 7 1951, 19\_\_\_\_
