Re: State "AII"  
Well # 12 J  
Sec. 6-17-36  
West Lovington Pool

Gentlemen:

During the casing leak survey of the Lovington field in June 1957 Mr. E. Engbrecht of the Hobbs OCC office found the following condition existed at subject well:

<u>ANNULUS</u>	<u>PRESSURE, psig.</u>
13 3/8" x 8 5/8"	45
8 5/8" x 5 1/2"	160
5 1/2" x 2"	100
2"	100

On venting the 5 1/2" x 8 5/8" annulus to zero pressure the 8 5/8" x 13 3/8" annulus also decreased to zero. The OCC must, therefore, assume that a leak exists in the 8 5/8" casing.

You are hereby directed to contact the Commission office in Hobbs to outline a program (C-102) for further testing or remedial work to correct this situation.

Yours very truly,

OIL CONSERVATION COMMISSION

E. J. Fischer  
Engineer District 1
