

# OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

## MISCELLANEOUS REPORTS ON WELLS

JUN 21 1948

HOBBS OFFICE

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below.

|                                                                     |          |                                                |  |
|---------------------------------------------------------------------|----------|------------------------------------------------|--|
| REPORT ON BEGINNING DRILLING OPERATIONS                             |          | REPORT ON REPAIRING WELL                       |  |
| REPORT ON RESULT OF <del>REPAIRING</del> CHEMICAL TREATMENT OF WELL | <b>X</b> | REPORT ON PULLING OR OTHERWISE ALTERING CASING |  |
| REPORT ON RESULT OF TEST OF CASING SHUT-OFF                         |          | REPORT ON DEEPENING WELL                       |  |
