Dear Mr. Williams,

In response to your letter of August 4, 1997, pertaining to the flaring of casinghead gas on the above referenced wells. The above wells were acquired by Hawkins Oil & Gas, Inc. December 1, 1993. Neither one of these wells has produced any casinghead gas since we have operated them, therefore we feel there is no need to file the C-129 (permission to flare).

If you need any additional information, please do not hesitate to call our office at 918-585-3121.

Sincerely,

Kathy B. McGuire
