17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Authority was granted to convert to water injection. Workover unit was moved in and rigged up on October 28, 1970. Rods and tubing were pulled and the well was shut in on October 29, 1970, waiting for tubing to be lined. We propose leaving it shut in until work can be resumed to convert to water injection.
