RE: F.M. HOLLOWAY #1
Sec. 13, T17S, R38E

Gentlemen:

According to our records you have two wells that are called F.M. Holloway #1. One is a producing well located in Unit J of Sec. 13, T17S, R38E, and the other is a salt water disposal well located in Unit B of Sec. 13, T17S, R38E.

This makes our record keeping confusing. It would be better if you changed the well number of one of these wells. Or if you want to leave the numbers the same you will need to change the lease name on the disposal well.

Either will be acceptable to us, but we really can't have two F.M. Holloway #1 for the same operator.

Please file C-104 making this change.

Very truly yours,
