1. The first of these is the fact that the United States has a long and distinguished record of leadership in the world. This is reflected in the fact that the United States has been a member of every major international organization since its inception, and has played a leading role in the development of the world's major institutions. This leadership has been based on the United States' commitment to the principles of democracy, freedom, and the rule of law, and on its economic and military power.
