Gentlemen:

Upon receipt of your letter dated March 28, 1958, we immediately contacted Mr. Charles P. Miller of Miller Engineering and Geological Company in Hobbs and requested that the information which you required be furnished you immediately.

Through an oversight on our part, we neglected to tell Mr. Miller that the F. C. Gaines, Jr., Lee Carter, et al, No. 1, Section 21, Township 17 South, Range 38 East, had not been properly plugged and abandoned. We are this date writing Mr. Miller and will notify you immediately upon completion of this work so that you may complete your final inspection.

Please accept our apologies for this unnecessary delay in completion of these wells.

Yours very truly,

F. C. Gaines, Jr.
