Mr. Joe Ramey,  
OIL CONSERVATION COMMISSION,  
P.O. Box 2045,  
Hobbs, New Mexico

Dear Mr. Ramey:

COMM. AGR-SW 57  
RE: T.J. Sivley & Hondo Drilling Company  
Miller No 1 Well "Tonto Shallow Gas Unit"  
Lea County, New Mexico - Sec 22, T19S, R33E

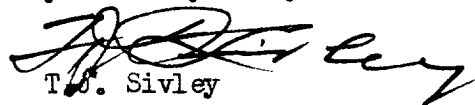

Enclosed, please find forms C-104 and C-110 requesting allowable and permission to transport gas from above subject unit.

A casing head contract to purchase this gas has been completed with Phillips Petroleum Company. Phillips was the only purchaser we were able to interest in taking gas from this unit in view of its high nitrogen and sulphur content. The wells ability to produce condensate and other liquid hydrocarbons is yet to be determined.

After your approval in establishing this unit for production, Hondo Drilling Company, P.O. Box 116, Midland, Texas will operate this unit and make monthly reports to your office, therefore, all future correspondence should be directed to them concerning this operation.

Thanking you kindly with reference to the above, I am,

yours very truly

  
T.J. Sivley
